Day 4 Tabuk – AlUla

B/L/D

A small fort still stands in the middle of the Heritage Village of AlUla and is known as Musa Ibn Nusayr Fort. It was probably a fortified structure as early as the Dadanite or Lihyanite times as some Dadanite inscriptions were carved on the rock where the fort was built. AlUla Heritage Village (ghost town), also known as Ad-Deerah, is the traditional Arabian village where people of the oasis moved some 8 centuries ago and inhabited until the 20th century. Check-in hotel and overnight in AlUla.

Day 5 AlUla – Hegra – AlUla

B/L/D

After breakfast at the hotel, proceed to visit Hegra (35 minutes). Hegra is the most iconic historical site of the Kingdom of Saudi Arabia and the first to be listed as a UNESCO World Heritage, back in 2008. The extensive settlement of the site took place during the 1st century AD, when it came under the rule of the Nabatean king Aretas IV Philopateris (Al-Harith IV) (9 – 40 BC), who made Hegra the kingdom's first capital. In the early 19th century BC, the Ottomans built a railway station at Hegra that was along the Hejaz Railway linking Damascus to the holy city.
